A message to everyone - act now

Everyone should be included in the census - people, households and overnight visitors. It is used to help plan and fund services for the community - services like transport, education and health.

Please complete your census questionnaire on 27 March 2011, or as soon as possible afterwards. You can fill it in online or on paper.

Taking part in the census is very important and it's also compulsory. You could face a fine if you don't participate or if you supply false information.
